

GRANT WRITING

HOW TO BE SUCCESSFUL

Presented by Pat Grosse, The Grant Writing Help Desk

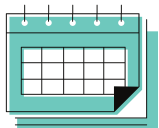

A two-hour intensive workshop to develop and boost your skills and knowledge for grant writing success

This workshop will cover:

1. How grants work and how to focus on what the funder really wants to hear
2. Where and how to look so you don't miss the right opportunities when they come along
3. How to navigate the grant writing ecosystem, so you don't miss anything important
4. What you specifically need to include in the application (all grants are different but they ask for similar information)
5. How to plan ahead

It is suitable for anybody wanting to understand how grants work, and to use this knowledge to be ready for any grant opportunities that come up in the future. Participants will get opportunities to ask Pat questions and get the benefit of her extensive knowledge in this space.

People who attend the workshop will have access to a complimentary copy of "Teach Yourself Grant Writing" – an essential resource to guide you through the grant writing process. The workshop will be delivered by Pat Grosse of The Community Entrepreneur. Pat is an experienced grant writer and has operated on both sides of the funding fence in Australia and in the UK. She has worked in all stages of the grant writing process.
